

ATUL DHITAL

Full Stack Developer • React / Next.js • PHP / .NET • E-commerce

Kathmandu, Nepal • +977-9869414179 • dhitalatul4@gmail.com • linkedin.com/in/atul-dhital • atuld.com.np

PROFESSIONAL SUMMARY

Results-driven Full Stack Developer with 3+ years of professional experience building and scaling responsive, performance-focused web applications. Proficient in React.js, Next.js, JavaScript/TypeScript, PHP, and .NET. Proven track record delivering e-commerce platforms, integrating payment gateways (eSewa, Khalti), optimising Core Web Vitals, and shipping SEO-friendly, conversion-focused UIs. Comfortable across the full stack from database design and RESTful API development to cloud deployment and CDN configuration. Freelancing since 2018 with a consistent record of international client delivery.

TECHNICAL SKILLS

Frontend: React.js, Next.js (SSR/SSG/ISR), JavaScript (ES6+), TypeScript, HTML5, CSS3, Tailwind CSS, Bootstrap, SASS, jQuery

Backend: PHP, Laravel (familiar), .NET Framework, RESTful API Design & Integration, Authentication (JWT/Session)

E-commerce: Cart & Checkout Systems, Product Catalog Management, Payment Gateways (eSewa, Khalti), Conversion Rate Optimisation

Database: MySQL, MongoDB, Query Optimisation, Data Security & Backups

DevOps & Tools: Git/GitHub, cPanel, VPS/Cloud Deployment, Cloudflare CDN, SSL, Postman, FileZilla

Analytics & SEO: Google Analytics, Meta Ads Tools, Technical SEO, Core Web Vitals, PageSpeed Optimisation

PROFESSIONAL EXPERIENCE

Senior Web Developer | LRC Media s.r.o. Nov 2025 – Present

Czech Republic (Remote)

- Built and maintained responsive web platforms for a Czech digital media company using HTML5, CSS3, JavaScript, and modern frontend practices.
- Delivered UI updates, layout improvements, bug fixes, and mobile responsiveness enhancements on tight turnaround cycles.
- Implemented SEO-friendly page structure and frontend code optimisation, improving organic discoverability.
- Collaborated asynchronously with a remote team across time zones to ensure consistent delivery.

Web Developer | Kathmandu Codes May 2023 – Present

Kathmandu, Nepal

- Developed and maintained responsive business web applications using React.js, Next.js, HTML5, CSS3, JavaScript, and jQuery.
- Integrated RESTful APIs and dynamic content rendering for e-commerce and SaaS platforms, improving data freshness and UX.
- Configured Google Analytics and tracking pipelines to measure user behaviour, campaign performance, and conversion funnels.
- Optimised page load speeds and Core Web Vitals (LCP, CLS, FID) across mobile and desktop, achieving measurable PageSpeed gains.
- Contributed to .NET-based backend systems and coordinated frontend/backend integration for client projects.

- Built reusable component libraries that reduced feature development time and ensured consistent UI across products.
- Led SEO-friendly architecture decisions on landing pages and drove conversion-focused UI improvements.

IT Manager | Gaia Holiday Home *Nov 2020 – Present*

Dhulikhel, Nepal

- Managed full IT operations: website updates, online booking platforms, digital listings, email/hosting/domain coordination.
- Automated digital workflows and improved online customer communication, directly supporting revenue generation.
- Provided staff training on Microsoft Office tools and internal digital systems.

Frontend Web Developer | Wirebadge *Jan 2023 – Feb 2023*

Kathmandu, Nepal

- Built responsive UI components using React, HTML5, CSS3, JavaScript, and SASS.
- Converted design mockups to pixel-perfect, cross-browser-compatible layouts with accessibility best practices.

Frontend Developer | Last Door *Jan 2022 – Dec 2022*

Nepal

- Developed responsive web pages using HTML5, CSS3, and JavaScript, focused on clean design and mobile performance.
- Maintained reusable frontend code and collaborated with the team to meet project deadlines consistently.

Freelance Full Stack Developer | Upwork *Jan 2018 – Present*

Remote — International Clients

- Delivered 8+ years of freelance web development projects covering WordPress, HTML/CSS, JavaScript, and e-commerce.
- Handled full project lifecycle: requirements analysis, development, testing, deployment, and post-launch support.
- Supported clients with domain setup, hosting, CMS customisation, landing pages, and technical troubleshooting.
- Built a strong reputation for deadline adherence, clear communication, and reliable delivery.

EDUCATION

Bachelor of Science in Information Technology | Asia Pacific University (APU/APIIT)

Nov 2023 – June 2026

Nepal

Diploma in Information Technology | Nepal Banepa Polytechnic Institute *Jun 2018 – Jan 2021*

Nepal

KEY ACHIEVEMENTS & HIGHLIGHTS

- 3+ years professional full-stack experience; 8+ years freelancing with a consistent international client base.
- Hands-on experience integrating Nepali payment gateways (eSewa, Khalti) into e-commerce checkout flows.
- Consistent focus on performance: Core Web Vitals, lazy loading, SSR/SSG strategies, and CDN configuration.
- Dual-role capability: frontend precision (Next.js, Tailwind) + backend logic (PHP, .NET, REST APIs).
- Experienced in full DevOps cycle: Git version control, cPanel/VPS deployment, SSL, and Cloudflare CDN.
