

Gaurab Wagle

gaurabwagle.com.np • +977 986-9127529 • oe.gaurab@gmail.com

Education

- **BSc in Computer Science**, Kathmandu University
- **+2**, Capital College and Research Center (CCRC)

Skills

Knows

Full Stack Dev - React, Typescript
Reln/Non-Reln/Vector DB
Server, Networking, DevOps
Data Analysis(py), ML, RAG

Learning/Interests on

System Design/Architecture

NLP, LLM, Transformers

Work Experience

- **Full Stack, Server Admin @ Institute for Social and Environmental Research:**
Web Dev, CMS, Baremetal Server, Infrastructure, Networking, DevOps.
Managing in house production server using technologies like Proxmox, containers, Virtual machines. Experience with Full Stack Project's Cycle from
Figma - React - Node - Bare Metal VM - Nginx - Docker - Prometheus
Looking overall technical aspects.
- **Internship @ Arbyte Solutions:** Full Stack Web Development
Learned React and Full Stack Development. Exposure to industry, mentors and making AI Chat bots.

Projects

Excluding the organizational products as projects

- **HamroFund** – Crowd Funding for Nepal **startup** @Janauary 2026, actively maintaing
Designed APIs, database schemas, and managed cloud deployment using **Oracle Cloud**.
Demonstrates handling of structured data and production systems.
50+ real users signed.. <https://hamrofund.org>
- **Home server**
Linux, Proxmox. Virtualization, VM's.
- **HikeBud AI – RAG-Based Trek Guide**
(frontend only deployed because of free tier limitations for backend server)
RAG with custom datasets. Data chunking, embeddings, and vector similarity search with
ChromaDB and Gemini. FastAPI Backend; React frontend on vercel.
hikebud-self.vercel.app
- **Personal Website with Hashnode and Chatbot- RAG**
Have a website that has blogs via GraphQL api from Hashnode and a chatbot trained on
structured personal data (CV, projects, blogs).

- **Open Source Contributions**

The Odin Project curriculum: http verb link fix. [Github Repo Link](#)

DevOps Kathmandu Connect website . [Website link](#)

- **Currently learning DevOps Tools and LLM's .**

Certifications

- **DataCamp Fellowship** — Sunway College

- SQL Associate — [Certificate](#)

- Data Analyst Associate — [Certificate](#)

- **Coursera / DeepLearning.AI**

- Supervised Machine Learning (Regression & Classification)

- Advanced Learning Algorithms — [Certificates](#)

- Introduction to DevOps

Interests & Additional Experience

- I always want to be involved in projects

- Guitar — YouTube Channel: [@windx805](#)
